Carried

5.0 ED/TD/ Reports

5.1 Executive Director Report

Executive Summary

As we move further into the outdoor season, our focus continues to be on managing a growing membership while ensuring a high-quality experience for our players and coaches.

Programs are now fully underway, and while minor adjustments to schedules have been required, operations have stabilized well across all age groups. We are seeing positive engagement across grassroots, competitive, and adult programs.

Facilities

We are currently awaiting a quote from Prairie Irrigation regarding improvements to the irrigation system at the Rotary fields. Enhancing irrigation remains a key priority as we work toward maintaining consistent, high-quality playing surfaces throughout the season.

School League

The School League has been a great success this season. We hosted our final tournament on June 6-7, which concluded another strong year of participation and engagement.

Moving forward, we will re-evaluate the league calendar to better align with our Swan City Grassroots and Competitive programs. The goal will be to have the School League conclude prior to the start of the club season to improve overall scheduling and participation.

Northwest Peace Soccer League

Participation in the Northwest Peace Soccer League has been a positive experience for our players, providing valuable competition and development opportunities.

While there are areas to improve for next season – particularly around organization and consistency, this has been a strong initiative overall. We look forward to continuing to grow the game in the Peace Region and enhancing the playing opportunities for all our players.

Grants: Canada Soccer - \$1,000.00 towards soccer festival funding plus swag bags and certificates for every Grassroots participant.

Closing Comments Our programs are running smoothly, and we are looking forward to the rest of the Outdoor season and an exciting World Cup summer ahead.

5.2 Technical Director Report:

1. Youth Programming

Grassroots Program

The Summer Grassroots Program continues to run successfully, with two weeks remaining in the season, including the Grassroots Festival on June 20th.

The festival will follow the Canada Soccer Festival format, featuring small-sided games, medals, food trucks, and family-friendly activities to celebrate the season.

Competitive Program

All HP, EMSA are teams actively competing in the EMSA Outdoor League. Team placements have proven appropriate, with players being challenged and continuing to develop within their respective tiers.

Overall results have been positive, with strong commitment from players and coaches as teams continue to progress throughout the season. Tournament teams continue to participate in both tournament play and Northern League competition, providing consistent match opportunities and player development experiences. Goalkeepers are able to submit their availability in advance, allowing for improved organization and session planning.

Goalkeeper Training Program

The Goalkeeper Program continues to run successfully under the leadership of Coach Isaac and Coach Alecs. Goalkeeper sessions are held on Tuesdays and Wednesdays, with all designated goalkeepers now registered within the program.

2. School & Community Programs School League

The School League season is well underway and has received very positive feedback from participating schools. Practices and tournament weekends have run smoothly, providing meaningful playing opportunities for students. The program continues to serve as an important recruitment pathway, with several players expressing interest in joining Swan City FC competitive programs.

Power Soccer

The May and June helper schedules have been shared. U13 Girls (Reid) have been assisting Coach Corrie with session setup and activities, providing good support to the program

3. Coaching Development Objectives

Short-Term Goal: Ensure all coaches meet the minimum certification requirements. Long-Term Goal: Achieve the Club Youth Licence within 3 years and prepare for APDL participation.

Current Coaching Staff

Coaching staff continue to work closely with their teams throughout the outdoor season, supporting player development and club standards.

Coach Development Clinics

The coaching development program continues throughout the outdoor season. The next coaching clinic is scheduled for the end of June. The club curriculum has now been uploaded to the Touchtight platform and organized by age group. Coaches have access to a wide range of training sessions and resources and can select practices based on their team's needs and the topics being introduced throughout the season. Recruitment efforts have begun for additional coaches ahead of the upcoming indoor season.

Practice Observations & Support

Technical team support and coach mentorship continue throughout the outdoor season through practice visits, match observations, and ongoing communication.

Closing Remarks – Coaching

Our coaching development journey continues to grow as we work toward providing coaches with more resources, education, and support. Through regular clinics, mentorship opportunities, and access to the Touchtight platform, we aim to continuously improve the quality of coaching across the club and better meet the needs of our players and teams.

4. Adult Leagues

Coed League has started, with positive early feedback from participants. The outdoor adult leagues are now underway. Four balanced teams and good competition overall, creating a positive experience for players.

5. Club Merchandise

The Macron online store remains active and accessible to members. Additional socks and shorts have been received to accommodate the needs of our competitive programs.

6. Personal & Professional Development

Entered the final phase of the Concacaf B Licence Diploma. Continuing to build on coaching, leadership, and organizational development through ongoing education and professional learning opportunities.

Motion 04
